## **Event: People: Faculty View As Student**

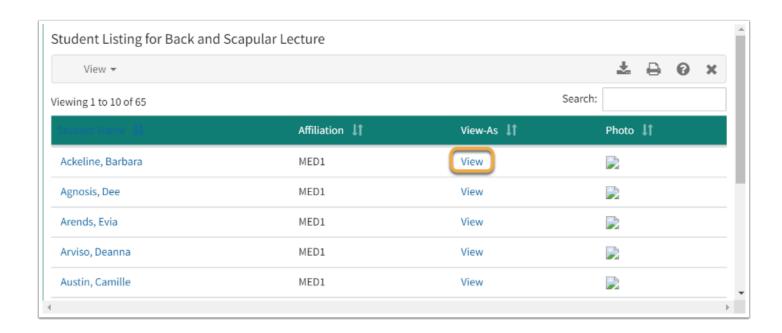

Path: Home > Calendar > Event > [Event Screen] > People

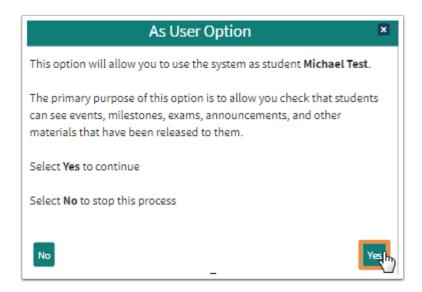

#### **View as Student**

This report allows Administrators of this Event to view the Event and the System as one of the Students in the Event.

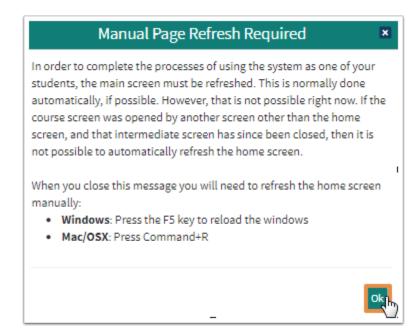

# Step 1. To see a Student's schedule from their point of view, click on the the View button next to the Student's name.

#### Step 2. Verify you are selecting the correct Student and click Yes

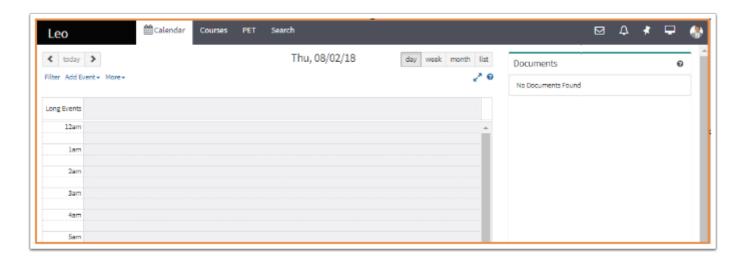

#### Step 3. Refresh your System Page

In order to view the System as a Student, you will need to refresh your screen manually.

- Click, Ok to close out of the pop-up screen.
- · Refresh the home screen
  - · If using a Windows Operating System, press the F5 key to reload the screen
  - If using a Mac/OSX Operating System, press the Command+R keys to reload the screen

### Step 4. View as a Student

You are now able to view the System from a Student User perspective.

1 This option is only available to Administrators of the Event and Admins for the Event's Course.
