

## Course: Tree View

Path: Home > Courses > [Course Screen] > Course Tree Icon

The screenshot displays the Leo User Guide interface for the 'Section: DaVinci Week Learn 2022 R1 - Virtual'. The left sidebar contains a navigation menu with options: Details, Discussions, Announcements, Manage Materials, Messages, Mapping (selected), All Mapping, Tree View (highlighted with a yellow box), Course Objectives, Session Objectives, Core Competencies, Summary, Event Mapping Detail, Exam G & O, and Map Themes. The main content area is titled 'Week-by-Week Tree View of DaVinci Week Learn 2022 R1 - Virtual' and includes a 'Report Selected Files' button. Below the title is a tabbed interface with options: By Week, By Day, By Event Type, By Instructor, By Location, By Course Objective, By Theme, and By Competency. The 'By Week' tab is active, showing a hierarchical tree view of the course content. The tree starts with 'Course Level content for DaVinci Week Learn 2022 R1 - Virtual' and branches into 'Week# 1 (2022-06-06)'. Under 'Week# 1', there are four days: Monday 2022-06-06, Tuesday 2022-06-07, Wednesday 2022-06-08, and Thursday 2022-06-09. Each day has a list of events with checkboxes and icons. For example, Monday includes 'Leo Looks Ahead at 12:00:00 in YouTube Live for 0.00 hour(s)' with sub-items 'New Releases' and 'Leo Looks Ahead Recording', and 'Leo Lab: Faculty Development & Support at 14:00:00 in Zoom for 0.00 hour(s)'. Tuesday includes 'Clinical Education Panel Discussion at 12:00:00 in YouTube Live for 0.00 hour(s)' and 'Leo Lab: Patient Encounter Tracking at 14:00:00 in Zoom for 0.00 hour(s)'. Wednesday includes 'The Leo Gradebook at 12:00:00 in YouTube Live for 0.00 hour(s)' and 'Leo Lab: Evaluation Management at 14:00:00 in Zoom for 0.00 hour(s)'. Thursday is listed but has no events.

The week-by-week **Tree View** allows you to view the Goals and Objectives that have been linked to the Courses, Events, Long Events, Exams, materials, Session Objectives, Diagnoses, and Procedures in your system. It is an expanded overview of the overall mapping in your curriculum.

1. **Export selected files** by placing a check before the item.
2. **Expand or collapse** the tree by clicking the + or - signs.
3. **Sort the Tree:** by Week, Day, Event type, Instructor, Location, G&O, Theme and Competency.
4. Example of an expanded Tree View.
5. All links are active.
