

Assessment: Custom Settings (Gradebook)

This feature is used to create custom Gradebook settings for your Course for the current year. These settings will apply to all Sections/Rotations of the Course in the current year.

Path: Home > Courses > [Course Screen] > Course Template Level > Assessment > Custom Settings

Video Overview of Custom Settings

The screenshot shows the Leo LMS interface. The top navigation bar includes 'Calendar', 'Courses' (highlighted), and 'Search'. The left sidebar lists various menu items: CURRICULUM MAPPING, COURSE MANAGEMENT, PEOPLE, ASSESSMENT, and ADVANCED. The 'ASSESSMENT' menu is expanded, showing options like 'View Gradebook', 'Custom Settings' (highlighted with an orange box), and 'Choose a Template'. The main content area displays the 'Course Template: Pediatric Clerkship SOM 2020/2021' page. The 'Details' tab is active, showing course information such as Program (MEDICINE), Course Master (Pediatric Clerkship), Academic Year (SOM 2020/2021), School Year (MED Third Year), Evaluator of Record (Leo Administrator), Director (Jane Faculty), and Admin (Leo Administrator). The 'Description' section indicates 'No description available'.

The screenshot shows the 'Custom Gradebook Settings' form for the course 'Pediatric Clerkship' in the year 'SOM 2020/2021'. The form contains several settings with dropdown menus and text input fields:

- Relative Value Calculation: Percentage
- Cell Grade Matrix: Yes
- Final Grade: Yes
- Hide Final Grade from Students: No
- Use Grade Matrix: Yes
- Grade Matrix: Honors, Pass, Fail Matrix
- Category Scores: Yes
- Critical Score: [Empty field]
- Critical Path: [Empty field]
- Show ID: [Empty field]
- Min Passing Score: [Empty field]
- Save Record: [Green button]
- Deleted: No

The fields available for customization are:

- **Relative Value Calculation**- This defines how the final grade is calculated. If you using a Grade Matrix, this is the value that is sent to the Grade Matrix. The choices are:
 - Percentage and Raw Points
- **Cell Grade Matrix**: Set to YES to display Grade Matrix results instead of points in the cells for assignments,
- **Final Grade** - Set to YES, to allow the final grade to be displayed.
- **Hide Final Grade from Students**:
- **Use Grade Matrix**: YES use Grade Matrix to translate scores into grades
- **Grade Matrix**: Select from the choices: Note: Blank = System default
 - SOM Grading Matrix
 - Honors, Pass, Fail Matrix
- **Category Scores** - YES = Display Category scores
- **Critical Path**: YES = Critical path flag, If the Category is failed the the Course is failed.
- **Show ID** - Controls the display of a student ID in the Gradebook
- **Min Passing Score** - Defines the minimum passing score for the course. If you are using a grade matrix, then this option has no effect. Blank = System Default
