

Section Level: Overview

Path: Home > Courses > [Select Course]

(1) The right side includes the Section Menus (these look different depending on your Role in the System).

Typical menus included are:

- Details
- Discussions
- Announcements
- Manage Materials
- Messages
- Mapping
- Assessments
- Events
- Import
- Settings

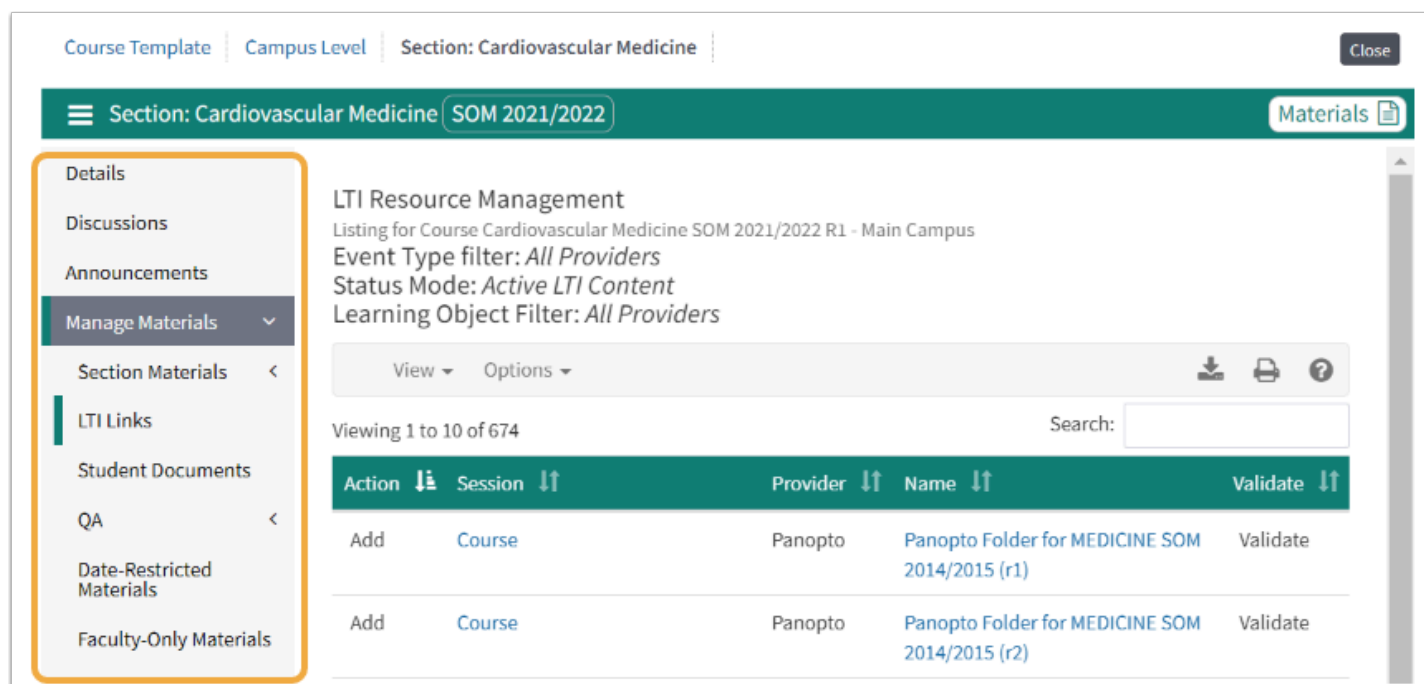

You can choose to turn on the Info page in the menu, where you can embed content and interactive learning tools. You can also choose which page becomes the landing page for the Section, for example, Materials, Info, or Details.

(2) The **Course Details panel**, which includes General Information and Description panel, as well as, your Role in the System.

(3) The **Related Materials** section displays materials associated to the Course Section, Campus, or Course Template Level, organized by categories. Materials can be toggled on or off screen.

Section Menus (1)

A green line will appear to the left of the menu that is currently displayed in the Course Section menu.

View by Role

Like many of our screens, the Section Screen is a Roles based screen. This means that the options available to you are based on your Role in the course.

Typical Roles are:

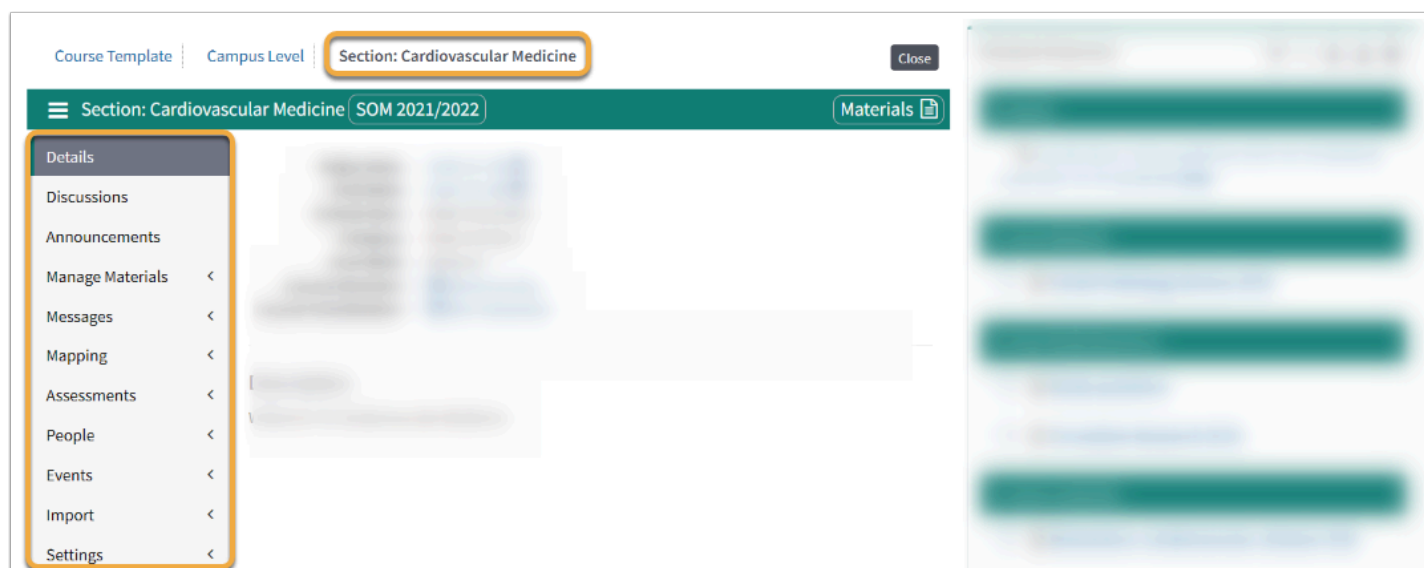

- Student
- Faculty
- Course Director
- Staff
- Non-enrolled visitor

Each of these Roles will see different **menus** on the left side of the screen and different **options** in each menu.

Description

The pediatric clerkship addresses issues unique to infancy, childhood and adolescence by focusing on human developmental biology, and by emphasizing the impact of family, community and society on child health and well-being.

Additionally, the clerkship focuses on the following:

- The impact of disease and its treatment of the developing human
- Growth and development
- Principles of health supervision
- Recognition of common health problems
- The role of the pediatrician in prevention of disease and injury

Course Information (2)

This article provides an overview of the Section Level screen for Course Directors and Course Coordinators. The **Section Screen** is the repository for the basic information about your Section (i.e. an iteration of a course, for example a rotation).

The Details page shows you the:

- Course Director(s)
- Course Coordinators
- Basic Information
- Description

The menu bar to the left provides reports and utilities to help view and/or manage the various aspects of the course Section.

The screenshot shows the Leo LMS interface. The top navigation bar includes 'Insights', 'Calendar', 'Courses', and 'Search'. The left sidebar contains 'CURRICULUM MAPPING', 'COURSE MANAGEMENT', 'PEOPLE', 'ASSESSMENT', and 'ADVANCED'. The main content area displays the 'Section: Cardiovascular Medicine' details for 'SOM 2021/2022'. A 'Close' button is in the top right. The details are organized into a table with the following information:

Begin Date:	2020-07-01
End Date:	2021-02-28
School Year:	MED Third Year
Campus:	Main Campus
Your Role:	Admin
Course Director:	Jane Faculty
Course Coordinator:	Ann Alexander

Below the table is a 'Description' section with the text 'Welcome To Cardiovascular Medicine'.

💡 The Details page is the default landing page for a Course Section. To learn more about changing the default landing page for a Course Section, review our [Options Submenu > Display Options](#).

Related Materials (3)

The screenshot shows the Leo interface for 'Section: Cardiovascular Medicine'. The top navigation bar includes 'Course Template', 'Campus Level', and 'Section: Cardiovascular Medicine'. The 'Materials' icon is highlighted in the top right. The 'Related Materials' sidebar is open, showing a list of materials including 'Exam(s)', 'Course Material', 'Group Study Resources', and 'Lecture materials'.

Select the **Materials icon** to toggle Related Materials on or off the screen.

For more detailed information refer to the [Download Materials](#) article.

Materials Download/Upload Tools

TIP: For more detailed information refer to the article [Downloading Materials](#) or refer to the article [Uploading Event Materials](#).
